QUICK CHANGE TOOL POST

- Both are precision engineered to assure repetitive accuracy.
- Advanced design provides built-in quick tool changing versatility with positive rigidity to meet the most exacting tolerances.
- Quickly and easily installed on an engine,bench, or turret lathe for a wide range of operations, from fine precision work for heavy duty cutting.
- Piston type posts are economical,while the wedge type posts are clearly ultra-precise, both accept the toolholders and interchange with aloes, durian,and DTM tooling.
